

# Mississippi-Rideau Source Protection Region

Following the successful completion of the well casing extension project in April 2011, the shallow aquifer no longer contributes water to the Kemptville municipal wells. Thus, this figure should not be used for identifying significant, moderate or low threats and is now considered historical information.

**Legend**

- Municipal Well
- Road
- Railway
- NRVIS River/Stream
- Assessment Parcel
- Town of Kemptville Boundary
- Municipal Boundary
- Wetland
- Water Body - Permanent

**Vulnerability Score**

- 2
- 4
- 6
- 8
- 10
